FISCAL IMPACT STATEMENT

LS 6399

BILL NUMBER: SB 152

NOTE PREPARED: Jan 29, 2008

BILL AMENDED:

SUBJECT: Automated External Defibrillators in Health Clubs.

FIRST AUTHOR: Sen. Miller

BILL STATUS: As Passed Senate

FIRST SPONSOR: Rep. C. Brown

FUNDS AFFECTED: **GENERAL**
 DEDICATED
 FEDERAL

IMPACT: Local

Summary of Legislation: The bill provides that a defibrillator is not required to be located within the premises of certain health clubs. It removes a requirement for a specific cardiopulmonary resuscitation course related to defibrillators in health clubs. It specifies the fire department responsible for inspection of a health club for compliance with defibrillator requirements.

(The introduced version of this bill was prepared by the Health Finance Commission.)

Effective Date: July 1, 2008.

Explanation of State Expenditures:

Explanation of State Revenues:

Explanation of Local Expenditures: The bill requires local fire departments to inspect health clubs for compliance with defibrillator laws instead of allowing an inspection, which is current law. The costs of an inspection program will vary among the local fire departments and also with the type of health club being inspected.

Background: Local fire departments in areas including cities are required to have a fire inspection program for all places excluding the interiors of private homes, and local fire departments in areas without cities may operate such programs. 2005 County Business Patterns data from the U.S. Census Bureau estimates that there are 621 establishments in Indiana within the Fitness and Recreational Sports Centers industry sector. The data provides the number of employees and payroll and can be accessed by zip code.
